- Computer literate (MS Office such as Word, Excel, PowerPoint)

Soft Skills

- Committed to continuous learning and skill development
- Effective collaborator and communicator
- Able to manage deadlines and multitask in high-paced environments

WORK EXPERIENCE

Web Developer Intern – Information Technology

TeamAsia | Muntinlupa City, Metro Manila, Philippines

January 2025 – May 2025

- Migrated and formatted 1,000+ content entries from Joomla to WordPress with high accuracy, utilizing plugins such as Elementor, WPForms, and ACF to build and manage dynamic content layouts.
- Created and implemented custom templates for both pages and single posts, ensuring consistent design and structure across the site.
- Developed a static front-end coffee shop website using HTML, CSS, and JavaScript, focused on responsive layout and mobile usability.
- Collaborated with fellow interns and supervisors to consistently meet weekly development and content migration targets.

Capstone Project – Software Development (Unity C#)

Team Leader & Developer | STI College, Balayan, Batangas, Philippines

February 2024 – November 2024

- Led a team to develop an educational game using Unity and C#.
- Responsible for level design, UI design, character movement, and animations.
- Developed core game systems, including drag-and-drop mechanics, save/load functionality, overall game logic, and Firebase integration for the online leaderboard.
- Collaborated with a teammate who handled documentation and written requirements.
